

federal license or permit activities affecting any coastal use or resource which are not required to be described in detail in OCS plans but which are subject to State agency consistency review (e.g., Corps of Engineer permits for the placement of structures on the OCS and for dredging and the transportation of dredged material, Environmental Protection Agency air and water quality permits for offshore operations and onshore support and processing facilities). In the event the person does not consolidate such OCS-related permit activities with the State agency's review of the OCS plan, such activities will remain subject to individual State agency review under the requirements of subpart D of this part.

(b) A State agency objection to one or more of the OCS-related federal license or permit activities submitted for consolidated review shall not prevent the person from receiving Federal agency approval:

(1) For those OCS-related license or permit activities found by the State agency to be consistent with the management program; and

(2) For the license or permit activities described in detail in the OCS plan provided the State agency concurs with the consistency certification for such plan. Similarly, a State agency objection to the consistency certification for an OCS plan shall not prevent the person from receiving Federal agency approval for those OCS-related license or permit activities determined by the State agency to be consistent with the management program.

§ 930.82 Amended OCS plans.

If the State agency objects to the person's OCS plan consistency certification, and/or if, pursuant to subpart H of this part, the Secretary does not determine that each of the objected to federal license or permit activities described in detail in such plan is consistent with the objectives or purposes of the Act, or is necessary in the interest of national security, and if the person still intends to conduct the activities described in the OCS plan, the person shall submit an amended plan to the Secretary of the Interior or designee along with a consistency certification and data and information nec-

essary to support the amended consistency certification. The data and information shall specifically describe modifications made to the original OCS plan, and the manner in which such modifications will ensure that all of the proposed federal license or permit activities described in detail in the amended plan will be conducted in a manner consistent with the management program. When satisfied that the person has met the requirements of the OCSLA and this subpart, the Secretary of the Interior or designee shall furnish the State agency with a copy of the amended OCS plan (excluding confidential and proprietary information), necessary data and information and consistency certification.

[71 FR 829, Jan. 5, 2006]

§ 930.83 Review of amended OCS plans; public notice.

After receipt of a copy of the amended OCS plan, consistency certification, and necessary data and information, State agency review shall begin. The requirements of §§ 930.77, 930.78, and 930.79, apply to the review of amended OCS plans, except that the applicable time period for purposes of concurrence by conclusive presumption shall be three months instead of six months.

§ 930.84 Continuing State agency objections.

If the State agency objects to the consistency certification for an amended OCS plan, the prohibition in § 930.80 against Federal agency approval of licenses or permits for activities described in detail in such a plan applies, further Secretarial review pursuant to subpart H of this part may take place, and the development of an additional amended OCS plan and consistency certification may be required pursuant to §§ 930.82 through 930.83.

§ 930.85 Failure to substantially comply with an approved OCS plan.

(a) The Department of the Interior and State agencies shall cooperate in their efforts to monitor federally licensed or permitted activities described in detail OCS plans to make certain that such activities continue to conform to both federal and State requirements.

(b) If a State agency claims that a person is failing to substantially comply with an approved OCS plan subject to the requirements of this subpart, and such failure allegedly involves the conduct of activities affecting any coastal use or resource in a manner that is not consistent with the approved management program, the State agency shall transmit its claim to the Minerals Management Service region involved. Such claim shall include a description of the specific activity involved and the alleged lack of compliance with the OCS plan, and a request for appropriate remedial action. A copy of the claim shall be sent to the person.

(c) If a person fails to substantially comply with an approved OCS plan, as determined by Minerals Management Service, pursuant to the Outer Continental Shelf Lands Act and applicable regulations, the person shall come into compliance with the approved plan or shall submit an amendment to such plan or a new plan to Minerals Management Service. When satisfied that the person has met the requirements of the OCSLA and this subpart, and the Secretary of the Interior or designee has made the determination required under 30 CFR 250.203(n)(2) or § 250.204(q)(2), as applicable, the Secretary of the Interior or designee shall furnish the State agency with a copy of the amended OCS plan (excluding proprietary information), necessary data and information and consistency certification. Sections 930.82 through 930.84 shall apply to further State agency review of the consistency certification for the amended or new plan.

[65 FR 77154, Dec. 8, 2000, as amended at 71 FR 829, Jan. 5, 2006]

Subpart F—Consistency for Federal Assistance to State and Local Governments

§ 930.90 Objectives.

The provisions of this subpart are intended to ensure that federal assistance to applicant agencies for activities affecting any coastal use or resource is granted only when such activities are consistent with approved management programs. The provisions

of subpart I of this part are intended to supplement the provisions of this subpart for federal assistance activities having interstate coastal effects.

§ 930.91 Federal assistance.

The term “federal assistance” means assistance provided under a federal program to an applicant agency through grant or contractual arrangements, loans, subsidies, guarantees, insurance, or other form of financial aid.

§ 930.92 Applicant agency.

The term “applicant agency” means any unit of State or local government, or any related public entity such as a special purpose district, which, following management program approval, submits an application for federal assistance.

§ 930.93 Intergovernmental review process.

The term “intergovernmental review process” describes the procedures established by States pursuant to E.O. 12372, “Intergovernmental Review of Federal Programs,” and implementing regulations of the review of federal financial assistance to applicant agencies.

§ 930.94 State review process for consistency.

(a) States with approved management programs should review applications from applicant agencies for federal assistance in accordance with E.O. 12372 and implementing regulations.

(b) The applicant agency shall submit an application for federal assistance to the State agency for consistency review, through the intergovernmental review process or by direct submission to the State agency, for any proposed federal assistance activity that is listed in the management program as a type of activity that will have a reasonably foreseeable effect on any coastal use or resource and occurring within the coastal zone (see § 930.95(a)) or within a described geographic area outside of the coastal zone (see § 930.95(b)).

(c) *Applicant agency evaluation.* The applicant agency shall provide to the State agency, in addition to the federal application, a brief evaluation on the
